Sherlock Holmes

Karen Cujer

Hi, my name is Holmes. My owner, Jennifer, named me after Sherlock Holmes, the famous detective. Jennifer adopted me when I was just a little kitten, I was so happy when she chose me!

I live in a flat on the ground floor. Jennifer made a special cat flap in the door so I can leave whenever I want. I like to go out at night and meet other cats in the neighbourhood. Sometimes I hunt mice and birds and bring them back as a gift for Jennifer. For some reason she doesn't like that, so I shouldn't really do it.

Jennifer has to work during the week, so I have to entertain myself. There is a plant I like to eat, but Jennifer told me I mustn't – so when she's away I do it secretly. Another of my favourite things to do is scratch my claws on the couch, it feels so good! When she finds out, I get in big trouble, but I can't help it!

My cat friends laugh at me because they think I act like a dog. I can play fetch with Jennifer and on weekends, if the weather is nice, she takes me out for a walk. I can even do tricks like roll over or shake paws when Jennifer asks me to. It's great because I get a treat!

I'm always hungry and sometimes I trick Jennifer and pretend she forgot to feed me. I miaow really loudly for ages until she feeds me again – it always works! I love Sundays because I'm lazy and I can lie on Jennifer's lap while she's reading or watching a movie. I like when she scratches my chin, it always sends me to sleep.

I love my life with Jennifer, it's awesome being a cat. I can come and go as I please and I don't have to go for walks every day like my dog neighbours. I spend most of my days taking naps and eating – who wouldn't love this life?

Do you have a pet? What do you think they do when they are home alone?
